Tyre Pressure Monitoring System

2 TYRESURE WIRELESS SYSTEM

Advanced wireless tyre pressure monitoring system (TPMS). Saves fuel, saves lives and saves tyre wear! System includes 4 sensors and an attractive display screen for the cabin.

2 £179.00

From a racing or track day perspective, tyre pressures can be fine tuned to improve performance. TyreSure monitors and displays both pressure and temperature.

The sensors can be fitted to your wheels at any good tyre fitter.

- Monitors tyre pressure and temperature
- 24hr - 365 days a year monitoring
- System alerts driver within 3 seconds of any abnormality
- Saves lives
- 7 year sensor battery life
- No need to check tyre pressures again
- Saves fuel
- Perfect for road and track

A 6PSI drop in pressure can lead to a 10-20% increase in fuel consumption and 30% increase in tyre wear.

Tyre pressure monitoring systems are now mandatory on all new cars in the USA, that is how important this feature now is. TyreSure racing partners include Honda LeMans 24hr team, Formula Renault and C1 Supercup.

KONI

Koni shock absorbers have been used in Motorsport for over 50 years. Formula 1, Formula Ford, Touring Cars, GT Series all benefit from Koni Shock Absorbers.

There is a Koni Shock Absorber for almost all cars on the market today. These include shockabsorbers for Classic Cars and Off-road 4x4s plus full suspension kits and coil-over kits for most performance vehicles. Each shock absorber is dyno-tested to ensure top quality.

1 KONI "SPORT" SHOCK ABSORBERS

Designed for those looking for a sport driving experience with exceptional road holding combined with an acceptable level of comfort. Characteristics include responsive steering, reduced body-roll and limited body movements. All Sport shock absorbers have adjustable rebound of damping and most are 'on car' externally adjustable making fine tuning even easier.

These shock absorbers can be used with standard springs or lowered springs (upto 35mm lower). Please specify if your car has been lowered at the time of ordering. Prices shown are per shock absorber.

107 1005 Koni Sport from • £84.00 each

2 KONI "SPORT SHORT" SHOCK ABSORBERS

These are identical to Koni 'Sport' shock absorbers but are designed for vehicles that have been lowered more than 35mm. Please specify how much your vehicle has been lowered when enquiring. Limited range to include 3 series BMW, M3, Golf I and Caddy I, Manta B.

107 1006 Koni "Sport Short" from • £104.00 each

3 KONI "SPECIAL" SHOCK ABSORBERS

Improved handling and safety with these replacement Koni Shock Absorbers. There is an application for nearly every vehicle on the market. All Koni special dampers are adjustable off the car.

107 1007 Koni "Special" from • £76.00 each

4 KONI "CLASSIC" SHOCK ABSORBERS

Modern damping for older vehicles. Fully adjustable, as the Koni 'Special' damper, they are finished in red or black depending on the application. Ideal for Alfa Romeo Guilietta, VW Beetle, Triumph TR4 and E-Type Jaguars to name just a few.

107 1008 Koni "Classic" from • £61.00 each

5 KONI "HEAVY TRACK" 4X4 SHOCK ABSORBERS

Specially developed for 4x4 and SUV vehicles. Top quality shock absorbers for on and off-road use.

107 1009 Koni "Heavy Track" from • £68.00 each

6 KONI "HT RAID" EXTREME OFF-ROAD SHOCK ABSORBERS

Heavy Duty attachments, Bump Stop,
Special Seats, Teflon Piston Rings etc etc.

107 1010 Koni "H.T. Raid"
from • £192.00 each

7 KONI STR.T SHOCK ABSORBERS

Koni has drawn on decades of high performance shock experience to develop an affordable, fixed rate performance shock absorber. A great shock absorber that offers additional stability, control and handling without a harsh ride.

Can be used with lowering springs up to 40mm drop.

107 1011 Koni "STR.T"
from • £40.80 each

8 KONI "FSD" SHOCK ABSORBERS (supplied as a full set)

FSD stands for Frequency Selective Damping and is the first shock absorber to offer superior road holding without compromising comfort. A revolutionary new tecnique which combines the benefits of firm and comfortable suspension in a single shock absorber. Firm for sporty driving on even road surfaces and comfortable for a smooth ride on uneven road surfaces. A new technique whereby the benefits of both types of ride characteristics are combined in one perfect shock absorber. A smart suspension system adjusting automatically to road conditions as well as driving style and all of this in a fraction of a second. All kits contain front and rear FSD shock absorbers. To be used with standard springs.

107 1012 Koni "FSD" (set of 4) from • £519.00 a set

9 KONI "STR.T SUSPENSION KITS"

Individually tailored and engineered to give you a great driving experience with aggressive lowered looks and improved road holding performance. With up to 40mm lowering springs and fixed rate dampers, these kits reduce body roll and improve stability during cornering.

106 1009 Koni "STR.T"Kits from • £279.00 a kit

10 KONI "SPORT DYNAMIC SUSPENSION KIT"

Supplied with up to 40mm lowering springs by H&R and Koni Sport adjustable dampers to suit your driving style. The dampers in most kits are 'on car' externally adjustable by a simple turn of a knob, offering superb handling performance, responsive steering and considerable reduction in dynamic vehicle roll.

106 1010 Koni "Sport Dynamic"Kits from • £434.00 a kit

11 KONI "COILOVER" SUSPENSION KIT

These coilover kits have highly polished chrome threaded bodies and adjustable spring seats allowing you to individualise your ride height. The dampers are also rebound adjustable so you can fine-tune the damping forces to further customise your cars ride and handling. Combined with the variable lowering (up to 60mm) and externally top adjustable damping, these kits will give your car maximum tuneability for superb road-holding and great looks.

104 1017 Koni "Coilover"Kit from • £777.00 a kit

Manufactured in The Netherlands and sold in 35 countries, V-Maxx offer a comprehensive range of height and height/damping adjustable coilovers.

V-MAXX AUTO SPORT

SPORT SUSPENSION

HEIGHT ADJUSTABLE KITS

With on-vehicle ride height adjustment and factory-set damping, the ride height can be easily adjusted allowing you to achieve the ultimate stance. Damping is preset by V-Maxx to give the best balance between sporty handling and ride comfort for fast-road driving.

HEIGHT AND DAMPING ADJUSTABLE KITS

Combining on-vehicle adjustment of height and damping, this kit gives improved control over the fixed damping kits whilst still allowing easy height adjustment for that perfect vehicle stance. Damping ranges from "road comfort" to trackday stiff" with 20 click levels of adjustment.

V-maxx kits feature:

- **2 Year manufacturer backed warranty**
- **On car Height Adjustment**
- **TÜV approval across all kits**
- **High Quality Components**

Better handling, ride and refinement can only be achieved by dedicated specialists like APEX®, who have all the knowledge in house, from experienced shock and spring-specialists, to test drivers with race experience.

They began life in the early 80's when they started to supply sport-springs for Group A Touring cars. Since those early years, they have amassed an enormous experience designing and manufacturing all kinds of sport springs. An expertise that culminates in the APEX® Lowering Springs Program.

Their aim has always been and always will be to deliver the best. Their modern state-of-the-art manufacturing plant and test facilities operate under the most stringent quality control systems. A 5-year, unlimited mileage warranty is proof of their commitment to quality.

2 SHOCK ABSORBERS

3 SUSPENSION KITS

1 SPORTS SPRINGS

An APEX® Sport Spring kit easily replaces the standard springs on your car. It will usually lower the car by 30-40 mm. Not only will this improve your car's handling, response and grip, but will add that extra touch of style that will make your car look different from the rest of the crowd. The ride will be a little firmer, and sportier, but never too harsh.

105 1006 • FROM **£62.39** (set)

For the latest offers on Apex Sport Springs contact your nearest store or visit us at www.carnoisseur.com

2 SHOCK ABSORBERS

If you're looking for replacement Shock Absorbers to match your Sport Springs, Apex Shock Absorbers are the perfect answer. Not only are they Gas Filled and Uprated but with specially shortened piston rods are a great match for your lowered suspension.

107 1003 • FROM **£51.59** (each)

When it comes to driving enjoyment, the world's most renowned automotive manufacturers place their confidence in just one name: Bilstein. The legendary driving characteristics demonstrated by such cars as the Porsche 911, Mercedes-Benz S-Class, Bugatti Veyron, Audi R8, Nissan GT-R, and many more, stem from the innovation and experience of Bilstein engineers. Armed with this know-how, Bilstein offer high-quality series production and spare parts for virtually every vehicle model – so you can enjoy that unique BILSTEIN driving experience.

BILSTEIN®

BILSTEIN DAMPERS/SHOCK ABSORBERS • *Full range of dampers for all vehicles*

3 versions to choose from.
(B4 for slightly uprated replacements, B6 for uprated performance and B8 for uprated performance when used with lowering springs).

1 B4 ORIGINAL EQUIPMENT DAMPERS

These dampers are original equipment Bilstein units. They will be slightly uprated compared to the original dampers on the vehicle. Great value entry level dampers available for most vehicles.

107 1004 B4 Original Equipment Bilstein Dampers

2 B6 SPORTS UPRATED DAMPER

The damper for those drivers who prefer a sports suspension but do not want to lower their car. Optimum road holding, enhanced tracking stabilisation and excellent damping force. The B6 Sport is the first choice for sports tuning.

107 1001 B6 Sports Bilstein Dampers

3 B8 SPRINT DAMPERS FOR LOWERED VEHICLES

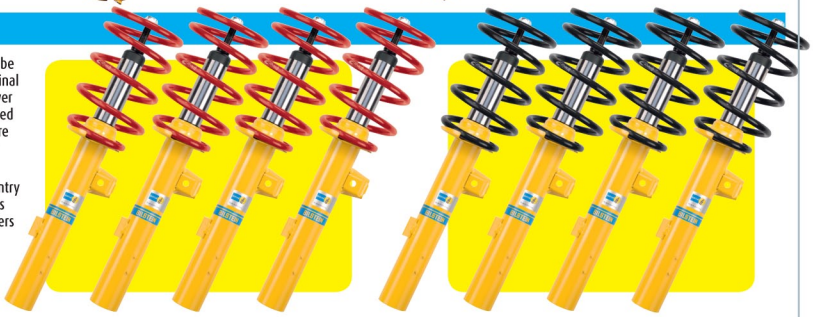
The B8 Sprint damper is specially designed for lowered vehicles. This shortened high performance damper provides the optimal balance when combined with good quality lowering springs. Not only does it give you excellent road holding at high speed but also smooths out bumps giving you an excellent ride.

107 1002 B8 Sports Bilstein Dampers

BILSTEIN SUSPENSION KITS

These Bilstein Kits are designed to be straight replacements for your original dampers and springs. They will lower the ride height and give you updated damping all in one package. Kits are supplied as four dampers and four springs.

The Sportline Kit is an affordable entry into Bilstein products. The B12 kit is a combination of Bilstein B8 Dampers and Eibach Springs.



4 BILSTEIN STREETWISE SUSPENSION KIT

An entry level Bilstein Kit comprising of Bilstein B4 dampers and a branded non-Bilstein, lowering spring kit. Great value for money.

106 1007 Bilstein Streetwise Suspension Kit

5 B12 SUSPENSION KITS

The winning formula for sporty driving performance. Springs and shock absorbers road-tested and fine-tuned to complement one another perfectly. Bilstein gas pressure technology dampers combined with Eibach performance springs with progressive characteristics. 2 Different options being available. **Pro-Kit** – offering lowering up to 30mm. **Sportline** – offering lowering up to 40mm.

106 1003 B12 Pro Kit (lowers up to 30mm) • **106 1008** B12 Sportline (lowers up to 40mm)

WHY FIT POLYBUSH?

- Impressive and Confident Ride • Excellent Noise Damping
- Sharper Turn in - Predictable Cornering • Controlled Suspension Movement
- Reduced Body Roll • Designed & Engineered to Exact Specifications
- Pure Materials, Immense Flexibility & Resiliance
- Fit & Forget - Excellent Longevity

Polyurethane is an ideal material for making into suspension bushes. Its combination of high tensile strength and elasticity translates into immense durability in the toughest conditions. Polyurathane Bushes have excellent resilience, springing back in to shape effortlessly to absorb shock and prevent dirt ingress and wear. Lastly, it doesn't age or perish – rubber bushes both perish and are attacked by oils and fuels.

ANTI ROLL BAR BUSHES

You need the resilience of polyurethane to ensure a tight fit to the bar. This avoids knock and squeaks from loose bushes and minimises wear.

CONTROL ARM BUSHES

Polyurethane's elasticity allows control arms to move as intended whilst its tensile strength soaks up punishment from cornering, braking, accelerating
and poor road surfaces.

SPRING BUSHES

Spring bushes are subject to the same forces as a control arm bush, as well as supporting the weight of the vehicle. Polybushes, with their combination of strength and elasticity, improve bush life and ride quality.

SHOCK BUSHES

Shock bushes can crush down leaving the shock to rattle on its mountings. Polyurethane's resilience counters this without needing as hard a bush.

MOUNTING BUSHES

All the vehicle's moving components cause noise and vibration so Polybush make a range of mounting bushes for steering, suspension, engines and transmissions. The polyurethane isolates these unwanted buzzes and rattles, but holds the components firmly in place improving ride smoothness and body control.

The table shows the most popular fitments. However if your vehicle is not listed please enquire.

Kit prices shown cover the essential bushes required.
Individual bushes can be purchased on request.
Kits do not usually contain anti-roll bar bushes.
In most cases these are available at additional cost.

Cobra Sport Performance Exhausts offer an ever growing range of aftermarket Performance Exhausts, Sports Exhaust Systems and Stainless Steel Exhausts custom built at their factory in Sheffield.

With a proven track record in the UK, they manufacture Performance Exhausts, Sports Exhaust Systems and Stainless Steel Exhausts to the highest quality standards giving proven power gains along with unique styling and sounds, and all backed up with a Lifetime Guarantee.

All their Performance Exhausts and Sports Exhaust Systems are constructed from grade 304 stainless steel and TIG welded throughout, with all pipework being mandrel bent for smoother gas flow. In addition, unrestricted silencers and enlarged pipework allow for a faster engine response and an increase in torque and BHP.

Remus produce one of the largest ranges of sport exhausts worldwide. They are all extensively developed on a rolling road dyno and tested in the unique Remus Sound Studio to ensure you are getting the best power gains and sound both inside and outside the vehicle. They use their experienced involvement in WRC, Touring Cars, Le Mans and many other forms of motorsport to create the best possible exhaust.

Remus key points:

- **Lifetime warranty! • Manufacturered from high quality stainless steel.**
- **Perfect fit guaranteed! • Full systems and backboxes available.**
- **Optimum performance whilst remaining road legal.**
- **Sporty and aggressive outside – non-offensive inside.**

Pipercross performance air filters are designed and manufactured in the UK. For 30 years Pipercross have been the UKs filter of choice, this is backed up by supplying winning teams in F1, BSB, BTCC and many more motorsport categories.

The range of Pipercross high flow replacement panel filters are supplied ready to fit. Designed as a direct replacement for your existing paper filter they will save you money over the lifetime of the vehicle.

WHY CHOOSE PIPERCROSS?

- Flows over 30% more air than a standard filter, putting less strain on your engine.
- Improved MPG and Power – Due to the increased air flow.
- Easy to fit – Most filters can be changed in under 5 minutes.
- Lifetime warranty – All filters are covered by the Pipercross lifetime warranty.
- Easy to clean – Pipercross filters can be cleaned and refitted simply and quickly.
- Huge range available – If your vehicle is not listed please check our website or contact us.

WHY CHOOSE A GREEN COTTON AIR FILTER?

- Leading air filter supplier to the motor sport industry.
- Deep pleats in the cotton filter increase surface area by up to 20% allowing greater air flow.
- Precision production techniques virtually eliminate rubber seepage on to the filter surface.
- Maximises air flow into the engine thus increasing horse power, throttle response and torque.
- Environmentally friendly, produced from a natural renewable resource which is washable, reusable and creates less waste than paper and foam filters

1 PERFORMANCE REPLACEMENT FILTERS

These filters simply replace your existing standard paper filter (element) and offer reduced restriction of the air intake system. 100,000 mile guarantee Easy to install.

Ensures maximum airflow through original air box.

2 SINGLE CONE INDUCTION KITS

Derived from their involvement in developing motorsport air filters, the purpose of these induction kits is to deliver maximum amounts of unrestricted, high volume air, straight to the engine but maintaining excellent filtration characteristics.

Available for Audi TT, Ford Fiesta ST, Honda Civic Type R, Mini Cooper, Mitsubishi Evo, Peugeot 106GTi, Renault Clio Sport, and many more. Contact us for full range of applications.

118 1009 • from £61.44

3 COLD AIR DUCTING KIT

Each kit consists of a 1 meter length of either silver or black ducting and 2 silver end funnels with fixing clips and ties. The ducting can be positioned in the engine bay so it can direct cold air to where it is required.

Silver Ducting

121 1006 50mm diameter • £19.90

121 1007 70mm diameter • £21.90

Black Ducting

121 1008 50mm diameter • £21.50

121 1009 70mm diameter • £25.50

4 FILTER CLEANING FLUID AND OIL KIT

Specially formulated cleaning fluid de-greases and cleans the cotton gauze. Green Filter oil helps your Green Filter perform to its full potential, penetrating the gauze and helping the filter trap dirt and dust.

125 1073 (500ml cleaner and 300ml oil) • £14.99

FORGE MOTORSPORT

We offer the full Forge Motorsport range. This covers Alloy Intercoolers and Radiators, Alloy Tanks for fuel, water and oil, Dump Valves and Actuators plus much more.

Below is a selection of some of these items. Please contact us for further information.

1 ALLOY INTERCOOLERS

Forge intercoolers are manufactured in-house to the highest standards utilising the best quality air cores available. Each intercooler is hand built and under goes testing to ensure they perform to exact specifications.

All offer welded mounting fixtures and high flow end tanks. The universal models have variety of 2" inlet/outlet configurations to suit your particular installation requirements. If your car is not listed and the universal models do not suit your requirements please contact us for a quote on a customised design to your exact specification.

NOLOGY

Nology are the USA's leading manufacturer of high performance ignition systems, spark plugs and other high performance products for street and race vehicles. Nology have well documented success in increasing power through the use of their ignition products with Nology components being installed on some of the world's fastest race vehicles driven by some of the best drivers.

Nology Silver spark plugs are especially designed for high-performance engines. Silver is the best electrical and thermal conductor of any metal, which makes it the ultimate material for a spark plug's center electrode. The large diameter silver center electrode increases spark carrying ability and spark power. Silver is extremely resistant to erosion, guaranteeing a virtually unchanged electrode gap for the life of the spark plug. Most Nology Silver spark plugs are without a resistor, perfect for performance enthusiasts who demand the most from their engines.

Spark plugs are priced at £12 per plug.
Please check your vehicle you may require 4-8 plugs.

PRICE PROMISE

2 OPTIONAL PIPERCROSS FILTER

To further enhance the CB-26P a Pipercross filter is available. This reduces induction noise and improves filtration. These are available in colours to complement the CB-26P.

121 1235 Pipercross Filter Blue • £23.80
121 1236 Pipercross Filter Red • £23.80
121 1237 Pipercross Filter Gold • £21.80
121 1238 Pipercross Filter Chrome • £25.80

3 POWER BOOST ENGINE ENERGIZER

Power Boost will de-coke the combustion chambers simply by being applied to your engine via your air intake. 600ml of liquid is injected and the car is left to run for 8 minutes. This removes carbon and varnish deposits from inside the engine. Supplied with attachable tubes.

121 1239 Power Boost 600ml aerosol • £24.50

4 ECOTEK 100 HIGH PERFORMANCE OIL ADDITIVE

This oil additive is, in effect, a high performance service pack for your engine. It will revitalise your existing oil and extend the time needed for an oil change.

PERFORMANCE FILTERS

Drift performance filters provide un-restricted airflow with maximum filtration, ensuring extended engine life and increased horsepower.

WHY USE DRIFT QUALITY FILTERS?

• Lifetime guarantee • Increases airflow with maximum filtration • Increases horsepower and acceleration • Turbo approved • Designed to be used wet or dry • Deep pleats / 3D weave technology • Washable and re-useable • No bleed in surface area • Quality moulded base

No bleed infringement. Bleed infringement reduces the filtration area resulting in up to 5% lost performance.

Strong galvanised steel mesh for strength and durability. Soft mesh will distort particularly with high revving and turbo engines.

Quality moulded base ensuring strong contact to body. Suitable for turbo and performance engines. Filters using a glued type base are not suitable for turbo applications.

4 STAGE PROGRAM

1 Wheels · 2 Bodywork · 3 Protect & Shine · 4 Detailing

Muc-Off

Introducing Muc-Off's 4 Stage Program....

Follow this quick and easy 4 step program and your car will look like it's just rolled off the showroom floor! You won't find another program which creates such an in-depth shine and protective finish, normally only achieved by professional valeters.

1 MUC-OFF FREQUENT WHEEL WASH – Stage 1

Quickly and safely removes road grime, brake dust and dirt deposits. Brake dust and road salt can cause permanent damage to the delicate surface of your rims. Muc-Off Frequent Wheel Wash has been specially developed to quickly and gently break down the accumulated grime while safely protecting the rims clear coat finish. It's non aggressive, fully biodegradable and contains no acids so it's ideal for frequent washing, it's easy to apply and leaves a sparkling finish!

124 1030 1 litre • **£9.99**
124 1031 5 litres • **£24.99**

2 MUC-OFF ÜBERSHINE LUXURY CAR SHAMPOO – Stage 2

Muc-Off übershine is a premium car shampoo which makes up to 100 litres of highly effective cleaning solution. Its pH-balanced, rich foam formula enriched with engineered water softeners gently emulsifies dirt and grime leaving a spot free, deep luxurious shine without affecting wax protection. Gentle on all painted finishes as well as rubber, vinyl and plastics.

124 1032 1 litre **£9.99**

3 MUC-OFF BUG & TAR REMOVER – Stage 2

Bugs & road tar are highly adhesive and when left in place can bond to your painwork, potentially causing etching and stain. Muc-Off Bug & Tar Remover is specifically formulated to remove bugs and tar quickly and safely from your bodywork. It's also ideal for removing tree sap. It's safe to use on paintwork, plastics, windscreens, wing mirrors and alloy wheels.

124 1029 300ml • **£6.99**

4 MUC-OFF SILICON SHINE 500ML – Stage 3

- Tool box in a can! all in one restorer, light lubricant and protectant!
- Restores colour and shine to all parts
- Leaves a sparkling shine on all metal, rubber and plastic parts
- Colourless, Odourless, Non Staining Formula
- Effortless application, leaves a dry, long lasting shine

POORBOY'S WORLD

A favourite at car shows, Poorboy's might become one of your favourites too. Poorboy's have talked to thousands of car enthusiasts, listened to their concerns and needs, and developed a line of unique detailing products.

Poorboy's products are EASY ON/EASY OFF, SUN or SHADE, and have the right amount of cleaners and protectants to leave an easy-to-maintain vehicle.

1 SPRAY AND RINSE WHEEL CLEANER

This is an aggressive citrus wheel cleaner. The scent is pleasant, though a little strong, so use it in a well-ventilated area. Just spray it on your wheels, taking extra care to thoroughly cover your entire wheel. Spray on all four wheels before you start rinsing it off. No need to rub or scrub, just rinse off.

124 1150 • 946ml **£16.95**

2 BOLD N BRIGHT TYRE GEL

Use Bold N Bright Gel if you prefer to wipe on a tyre dressing rather than spray it on. It has all the characteristics of the original spray formula - like great rubber protection and glossy sheen - but its gel consistency allows for neat application with no overspray.

124 1152 • 473ml **£11.95**

3 SUPER SLICK & WAX

Super Slick & Wax will gently wash the dirt and grime away with lubricants, emulsifiers, & wax with plenty of suds too.

124 1139 • 473ml **£10.95**

4 PROFESSIONAL POLISH

Professional Polish is the best and most versatile polish available. It is an awesome Paint/Clearcoat cleaner. Also great on metal, glass, plastic, headlight covers and perspex. It is perfect as the final preparation before application of a wax or sealant.

124 1141 • 473ml **£13.95**

5 QUICK DETAILER PLUS (QD+)

Use Quick Detailer Plus anytime your paint needs a boost. The super slick polymers and natural carnauba enhance the existing paint protection while improving the paint's gloss. Your vehicle stays protected longer!

Use it after each wash to prevent water spots. After you towel dry your vehicle, mist the paint with QD+. The polymers and carnauba will restore the gloss while removing fresh water spots.

124 1144 • 473ml **£9.95**

6 NATURAL LOOK DRESSER AND CLEANER

Natural Look is a water-based interior dressing and cleaner, with a patented UV absorber for protection, and leaves that "New Look" on Vinyl and Leather. It leaves a beautiful matt finish with a very low gloss and a non-sticky or non-greasy feel to the touch.

124 1149 • 473ml **£10.95**

7 TRIM RESTORER

A long lasting unique dressing, with a patented UV absorber for ultimate protection of exterior and interior surfaces. Restorer is unmatched on grained trim, bumpers, vinyl, leather, dashboards, tyres and engine compartment plastics. A must for the enthusiast or show car. Not greasy or sticky. It dries completely without streaks.

124 1153 • 473ml **£11.95**

8 BLACK HOLE SHOW GLAZE

Black Hole is an easy on/easy off glaze for dark coloured vehicles. It helps bring out the most from dark colours and to hide light swirls, scratches and paint imperfections. It is designed for detailers, enthusiasts and show car owners who want the best, deepest, & wettest shine.

124 1143 • 473ml **£12.95**

9 WHITE DIAMOND SHOW GLAZE

White Diamond Show Glaze for Light Coloured Vehicles hide imperfections and improves gloss to give your vehicle a show car shine! Apply any time to conceal minor blemishes between details. All white, silver, and light colours will shine like diamonds.

124 1142 • 473ml **£12.95**

10 WHEEL SEALANT

Long lasting protection for wheels with brake dust problems. Ideal for wheels of any type, including chrome, painted and polished aluminium. Repels brake dust and grime, making wheels easy to clean and maintain.

Cable length: 55 cm
Fuse: 15A

139 1004 • £7.19

5 COMFORT CONNECT CIG PLUG

This is a quick connector for truly trouble-free charging. The battery is charged through the vehicle's 12-volt socket (previously called the cigarette lighter socket). This is a universal model that fits both 12 mm and 21 mm sockets.

Cable length: 40 cm

139 1005 • £7.99

6 SPRINT BOOSTER

Sprint Booster eliminates the delay of electronic throttle response (drive by wire) providing instant acceleration.

Sprint Booster is engineered to enhance the driving experience by providing increased acceleration time by continuously measuring and converting the digital signal and providing the ECM with a new and altered signal for much quicker response.

It doesn't add horsepower, but makes the throttle more sensitive and makes the car 'feel' faster. No problem, if you have modified ECU software or chip on your car, Sprint Booster works independently of other modifications.

Multiple acceleration programmes. Switch back to factory settings at any time. TUV approved

Please state exact make and model when ordering. Also state the type of transmission (manual or automatic).

FULLY TAILORED INDOOR AND OUTDOOR CAR COVERS

Specialised Covers made the original tailored car cover in 1981. Today they supply some of the world's most prestigious automotive brands including Audi, Bentley, Lotus, Mercedes and McLaren.

Their philosophy combines the use of advanced fabrics with over three decades of fine tailoring. The result is a truly exquisite product that accentuates the lines and contours of your car whilst remaining true to the function of protection.

A tailored indoor cover will fit your car like a fine suit, repel dust and preserve your car's paintwork.

A tailored outdoor cover is essential if you are storing your pride and joy outside for any length of time. The meticulous fit of their covers will prevent the fabric from flapping or rubbing against your car.

Specialised Covers use exclusive fabrics that have been specifically developed to provide unique protective qualities. **Contact us with your requirements.**

2 DIADEM

Have you been bothered for long enough by your indicator light's "fried egg effect"?

That is why DIADEM indicator lamps only light up yellow when switched on, and discreetly stay out of sight when switched off.

The scratch-proof and cadmium-free DIADEM designer light is ideal for all direction-indicator lights (front and rear).

New, easy-to-install DIADEM lamps can be used to replace conventional amber indicator lights and are approved throughout Europe. Incidentally, DIADEM indicator lights last twice as long as conventional lacquered lights.

ADVANTAGES:

- Amber colour only appears when flashing, neutral white when switched off
- Ideal for today's clear glass headlights
- Suitable for customising older car models
- For all front and rear direction indicators
- Last twice as long as standard lamps
- Approved throughout Europe

Ordering

We want to make sure that you are completely satisfied with everything you order from our catalogue and with every aspect of our service. Please help us to help you by quoting the exact size and colour required wherever a choice is offered. You can be assured that we always do our utmost to hold our prices for the life of the catalogue. Unfortunately, due to circumstances beyond our control, such as VAT, inflation or currency fluctuations, prices do sometimes have to be changed.

We must therefore reserve the right to alter prices at any time.

Our Policy

SATISFACTION GUARANTEED

We want you to be pleased with all the goods bought from Carnoisseur. If the goods sent to you are not acceptable for whatever reason, return the order within 14 days in a resaleable condition, carriage paid, and a refund will be issued.*

*Providing the goods returned have not been specially ordered or manufactured to meet your specific requirements. This does not affect your statutory rights.

DELIVERY

Goods held in stock will normally be dispatched within 24 hours. Non stock items will generally be dispatched within 7 days. Please note that all goods must be inspected before the delivery driver leaves. Any damage to either the packaging or goods must be recorded on the delivery note under the receiver's signature.

PRICES

In the past years most of our printed prices have been maintained for a full 12 months after the publication of the Carnoisseur Catalogue. Occasionally, however, cost changes are inevitable due to inflation and exchange rate fluctuations on imported goods. We therefore reserve the right to change prices without notice.

EXPORT

Please email **sales@carnoisseur.com** for details.

BACK ORDERS

We will be happy to hold back orders.

LET US KNOW

If any aspect of our service has not met with your approval, we are anxious to know about it. Please write to us, or email us and you will receive our prompt personal attention.
